CURRENT LIFECYCLE STATUS

The current status of the Focus RG DC drives is "Obsolete". Control Techniques no longer provides repair services or replacement part support. Production capability of Focus RG drives no longer exist. Upgrade assistance to current product is available.

PENDING LIFECYCLE STATUS CHANGES

None.

REPLACEMENT PRODUCT

The **Unidrive M200*** is the recommended replacement product for the Focus RG products. *Please note: the current products replacing the Focus RG drives are actually AC drives, not DC. We recommend replacing the DC drive and motor with an AC drive and motor.

For full details of the Unidrive M product range or if you need assistance with product selection and conversion please visit the Unidrive M page on the Control Techniques website.

Please visit our Upgrade Assistance page for product upgrade assistance and contact information.
