CURRENT LIFECYCLE STATUS

The current status of the ES300RG DC drives is "Obsolete". Control Techniques no longer provides repair services or replacement part support. Production capability of ES300RG drives no longer exist. Upgrade assistance to current product is available.

PENDING LIFECYCLE STATUS CHANGES

None.

REPLACEMENT PRODUCT

The **Quantum MP** replaces the ES300RG quite easily for almost all applications. The Quantum MP offers much more application flexibility and fieldbus interconnectivity. Drive software tools are complimentary and are available on our website for download.

For full details of the Quantum MP product range or if you need assistance with product selection and conversion please visit the

DC Drives page on the Control Techniques website.

Please visit our Upgrade Assistance page for product upgrade assistance and contact information.
