

FIELD SCRAP PROCEDURE

The following process is to be used only by authorized Distributors and Original Equipment Manufacturers (OEMs) who have accounts with Nidec Motor Corporation.

1. The products to be considered for field scrap are motors with 215 frames and below (stock motors only). **Warranty policy coverage does NOT include inspection fees or any other fees.**
2. Remove the unit's nameplate and render the unit inoperable (disable by cutting leads, etc.)
3. Download the Field Scrap Certificate at usmotors.com or contact PRODUCT SERVICE DEPARTMENT (1-800-566-1418).
4. Attached the original nameplate of the motor to the form then fill in the necessary details such as the motor's model number and serial number, quantity, reason of failure and purchase order . **Photo copies or pictures of the nameplate will not be accepted.**
5. The completed form is then forwarded to the address below for appropriate credit. **One copy of the Field Scrap Certificate is to be attached to the customers debit memo.**

Please note that credit processing is usually 30-45 days upon receiving.
